

**Session Title:**

**Name: KOMATSU Yu**

**Position: Director – Asia, Yara Clean Ammonia**

**Abstract title:**

Introduction of Yara Clean Ammonia

**Abstract text (within 100 words):**

Yara established a new business unit called Yara Clean Ammonia(YCA) in February 2021. Building on Yara's leading experience within global ammonia production, logistics and trade, YCA works towards capturing growth opportunities in low-emission fuel for shipping and power, carbon-free food production and ammonia for industrial applications. In this presentation, we will introduce our clean ammonia business including partnership with several key players in different industries.
