

Air Liquide and hydrogen in a nutshell

60+

years of expertise

1.2 Mt

annual production

€2.2 bn

annual sales

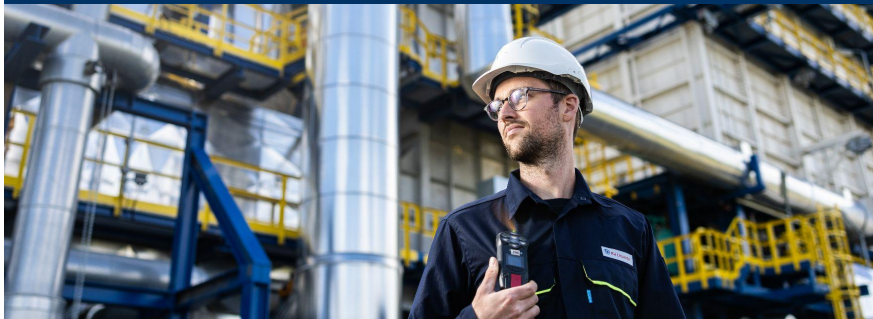

~1,000

employees
in hydrogen

260+

stations delivered

HARD-TO-ABATE INDUSTRIES

Hydrogen to decarbonize Refining, Metals, Chemicals

HEAVY-DUTY MOBILITY

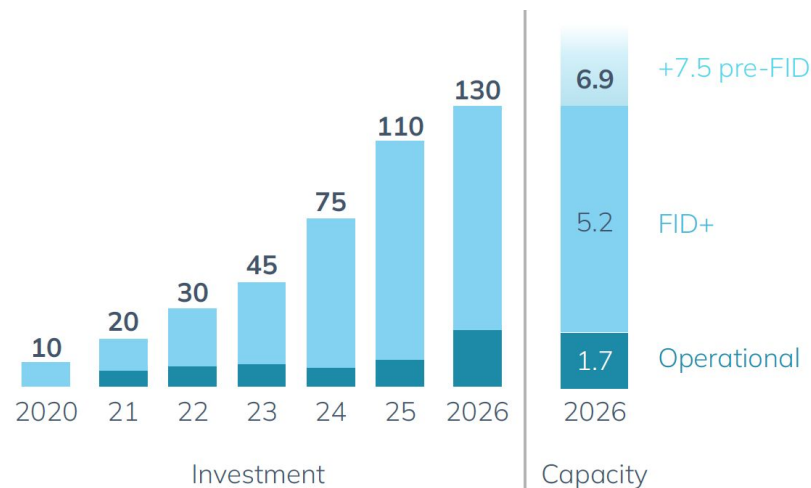

Hydrogen for sustainable transport

Clean hydrogen is moving from ambition to execution

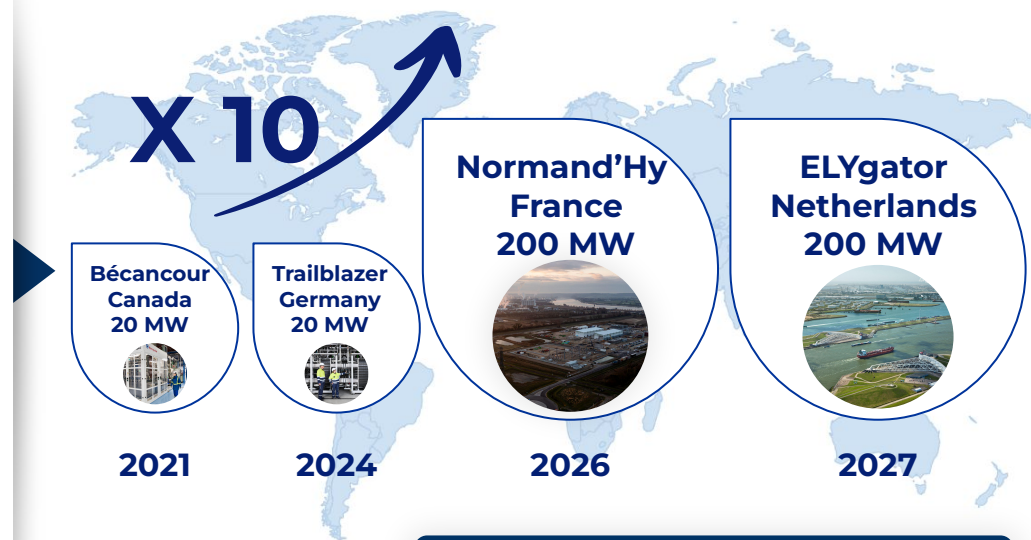

Global cumulative committed clean hydrogen investment and capacity by 2030

\$ billion, Mtpa

Source: Hydrogen Council Global Hydrogen Compass 2026

Air Liquide is scaling up electrolysis projects

JV with Siemens Energy

Gigawatt factory in Berlin
Production of electrolysis stacks at industrial scale
