

**Session Title:**

**Name: Dr. Monika Griefahn**

**Position: Speaker - Board of the eFuel Alliance**

**Abstract title:**

The eFuel Alliance

**Abstract text (within 100 words):**

The eFuel Alliance is a stakeholder initiative committed to promoting the political and social acceptance of eFuels and to securing their regulatory approval. We represent more than 180 companies, associations, and consumer organizations along the value chain of eFuel production. We stand for fair competition and a level-playing field for all relevant emission reduction solutions. We are committed to more climate protection and aim to win broader recognition of the significant contribution eFuels can make in the drive for sustainability and climate protection. Our goal is to facilitate the industrial production and widespread use of carbon neutral fuels made from renewable energy sources.
